TEST OFFERED: FAST CAT TEST

FAST CAT Tests are open to all dogs at least 12 months of age that are individually registered with the AKC, recorded in the Foundation Stock Service (FSS) program, individually registered with a foreign or domestic registry organization whose pedigrees are acceptable for AKC registration, dogs granted a Purebred Alternative Listing (PAL) number, dogs with AKC Limited or Conditional Registration, or dogs enrolled in the AKC Canine Partners program. Dogs with breed disqualifications and monorchid/cryptorchid dogs are eligible to participate. Females in season may not enter. A dog may enter only once per event. (An event is defined by an event number.) **GO TO AKC.org TO REGISTER A CANINE COMPANION.**

The FAST Cat test is a timed 100 yard dash. The dog is released at the starting line by one person and then must be caught by a second person at the finish. If you are entering more than one dog, please indicate whether you prefer your dogs to run one after the other (you must have slippers and catchers to allow this) or would like to have them separated with several other dogs between them. If you wish them separated, please mark the box "Please separate my entries" on the entry form.

**TRIAL HOURS: 7 AM until both tests are completed. ROLL CALL EACH DAY: Test 1: 8 AM
Test 2: 30 minutes after 1st test finishes**

Inspection starts 1/2 hour prior to roll call for the first test each day. Dogs entered only in the second test of the day may check in at any time prior to or at roll call for the second test. Any dog not present at the roll call time for a test will be scratched. Racing for the first test will start as soon as dogs are checked in. Racing for the second test will start 30 minutes after the conclusion of the first test.

After entries close, entrants will be notified by email of entry receipt/acceptance, entry totals for each test and an estimated time for roll call for the second test each day. Please be sure your email address is clear on your entry.

FAST CAT tests are divided into 3 categories dependent on the size of the dog. The size category is used in the calculation to determine the Mile Per Hour (MPH) of the dog's dash and to determine how many points are awarded towards AKC FAST CAT titles. **Please indicate on your entry form** if the dog is less than 12 inches, 12 inches but less than 18 inches, or 18 inches or over. If the height is questionable the inspection committee will measure the dog to be sure.

These tests will be conducted with electronic timers; failure to follow instructions regarding release and catching may invalidate the time. Back-up manual timing will be available. A battery powered continuous loop system will be used with plastic streamers for the lure. Back-up equipment will be available.

The parking lot nearest the field has solar panels, providing plenty of shade for parking.
