This large sitting Ridgeback item sold out at RRCUS National Specialties in Portland and Loveland the first day! 42+ inches from end of tail to back of head. This item cannot be shipped but can be pre-ordered and picked up at the open house or at the BARRC Holiday Celebration on December 8th in Lodi. Please message us for pricing. And feel free to scroll through photos on our Facebook page: <https://www.facebook.com/pg/yatesartonline>

We will have the plasma cutter and laser running so you can see how we do it! AND You don't need to have a Rhodesian Ridgeback to stop by and visit and meet our new Little Shiela puppy.
